## DEMI LINE

Baralan is pleased to introduce the new line DEMI:  
*classical, elegant and versatile.*

Thanks to the different capacities and to its slender shape this line of bottles can be used for the following product categories:

✿ **Nail polish:** The 3 ml and 6 ml bottles can be combined with different brushes and caps for an exclusive and elegant nail polish set;

✿ **Make up:** The 6 ml bottle can be combined with mascara, eyeliner and lip-gloss applicators;

✿ **Skin care:** 30 ml version can be utilized for dispensers or droppers, perfect both with creams and foundation;

✿ **Fragrance:** 30 ml is also available with crimp neck compatible with spray pumps for fragrance and it is available also in pocket version 3 and 6 ml.

Furthermore, Demi 3 and Demi 6 can be combined with Overcap Twin to create pretty and functional duo sets.

3 ml and 30 ml bottles are in a *super weight* version, with a thicker distribution of glass on the bottom that makes these bottles even more elegant.

To complete the 30 ml set the URAL over cap has been developed, compatible with both cream and spray pumps, with a shape studied to have an aesthetically pleasing look.

All sets can be personalized through different decoration techniques which allows for a more distinctive characterization of the packaging.
